

# **UCU**

# **STRIKES**

# **RESOURCE PACK**

When Union Assembly voted to support the strikes, they agreed that the Union would produce resources to help students support the strikes. The FTOs have worked closely with local UCU to determine the best guidance and support to give our students during strike action, and as a result are pleased to be able to release the UCU Strikes Resource Pack for students to use!

This pack contains a template letter for students or student groups to send to the Vice-Chancellor, a strike diary to help students effectively record disruption so they can ask for refunds, and some guidance on knowing your student rights during strike action.
